25X9

25X1D

This report, based on KEYHOLE photography through [REDACTED] updates information on Launch Area F(4)*, Perm ICBM Complex, contained in NPIC/R-226/64, dated April 1964. 1/ Launch Area F (57-41N 56-04E), located 8 nm west-southwest of the complex support facility, consists of a completed Type IIIA launch site and a site support facility (Figure 1). The launch area was first seen in an early stage of construction in [REDACTED]

25X1D

[REDACTED] but was not evident in [REDACTED]. The launch area was considered complete by [REDACTED]

25X1D

25X1D

25X1D

25X1D

The launch site is enclosed by a seven-sided security fence. A loop road encloses 3 launch silos, an earth-mounded control bunker, and 2 possible semiburied tanks. Short access roads connect the silos with the loop road. A probable spray pond is south of the loop road. Two

earth-mounded missile RIM buildings, [REDACTED]

[REDACTED] Seven other buildings are within the site, including a small earth-mounded building. A security building is adjacent to the site entrance.

25X9

The site support facility contains an administration and housing section, and a housing section. The administration and housing section is 2,800 feet north-northeast of the launch site. It contains 43 buildings, including 28 barracks-type buildings and 3 L-shaped buildings. At least 14 buildings have been removed from the administration and housing section since [REDACTED]

The housing section is 2,500 feet west of the launch site. It contains 30 buildings, including 15 barracks-type buildings and 1 building under construction.

25X1D

*TDI site designator is indicated in parentheses.
